ABOUT ME

I am an aspiring developer with a strong foundation in HTML ,CSS, Python, SQL, and C++. Currently learning Django to strengthen my backend development skills, I am committed to continuous learning with the goal of becoming a full-stack developer. I enjoy solving problems and building efficient digital solutions that create a positive impact.

TECH STACK

- **Languages:** C++, Python, HTML,CSS, JavaScript
- **Frameworks / Libraries:** Django
- **Version Control:** Git, GitHub
- **Databases / Backend:** MySQL.

EDUCATION

| | | | |
|-----------|---|------------|---------------|
| 2022-2026 | Shri Vaishnav Vidyapeeth Vishwavidyalaya | B.Tech CSE | CGPA: 8.28/10 |
| 2021-2022 | Sarafa Vidya Niketan Girls H.S School, Indore | 12th | 85% |
| 2019-2020 | Sarafa Vidya Niketan Girls H.S School, Indore | 10th | 96% |

PROJECTS

Multi-Vendor Digital Marketplace App

HTML ,Tailwind CSS ,JavaScript ,Django,Stripe Payment Gateway

- Build an app which allows vendors/sellers to sell digital products to their customers.
- A customer can buy a product by making an online payment using Stripe as a payment gateway
- A vendor/seller will have the ability to create digital products, list them on marketplace and sell them.
- Along with it the seller will also be provided a dashboard which provides sales statistics such as the annual, monthly and weekly sales for the products listed.

Code Tracker +

HTML ,CSS ,JavaScript ,Python ,Django

- A unified platform bridging theoretical learning, practical coding, and performance analysis for coding education excellence
- Seamlessly integrates theory, quizzes, and live coding progress in one comprehensive dashboard.
- Direct LeetCode API connection provides instant access to solved problems, streaks, and contest ratings.
- Ensures user authentication for secure access to personal coding data.

CERTIFICATIONS

- Programming Through modern C++ - NPTEL
- Database Management System - NPTEL
- Python Course - Udemy
